

Additional tariff - VorsorgePRIVAT

Ein Stück Sicherheit.

Always one step ahead

Regular check-ups help women and men to protect their health in the best possible way. However, the statutory health insurance (GKV) only covers part of the costs. With the additional tariff - VorsorgePRIVAT, you cover these and many other benefits that protect and maintain your health. You save the co-payments and can enjoy your life carefree with the knowledge of a secured health. All this at low monthly premiums from **€ 8.80** (up to 19 years) **and € 13.45** (from 20 years).

The services

- check-ups
- vaccinations
- visual aids
- Lasik / refractive surgery
- hearing aids

Immediate
protection!

No waiting
times

Check-ups

100% of the cost of preventive medical check-ups by doctors for the early detection of diseases. Reimbursement up to **€ 500 per calendar year**.

Reimbursement limit: 1st year € 200, 1st - 2nd year € 500.

Tip: especially important for women

For women in particular, it is crucial to take **preventive medical check-ups** with which diseases such as breast-, cervical-, intestinal- or skin cancer can be **diagnosed in time**. You determine when and how often you have examinations carried out with our tariff yourself - and are not bound by the intervals and age limits of the statutory health insurance.

Vaccinations / malaria prophylaxis

100% of the costs for vaccinations including medicines for vaccinations, travel vaccinations and malaria prophylaxis. **Up to € 300** can be reimbursed **in two calendar years**.

Additional tariff - VorsorgePRIVAT

Visual aids

80% reimbursement for contact lenses and glasses and their repair - regardless of the change in defective vision. **Up to € 400** will be refunded **in two calendar years**. If you make optimum use of the flat rate Plus, you will receive the "PLUS" additional benefits for a monthly **net expense of € 0.78**.

Premiums:

Monthly contribution (adults over the age of 20):	€ 13.45
Monthly contribution (children up to the age of 20):	€ 8.80
Risk surcharge for visual aid already required:	€ 4.00

Sample calculation for "net expense" € 0.78/ month for tariff - VorsorgePRIVATE

Monthly contribution (adults over the age of 20):	€ 13.45
Risk surcharge for visual aid already require:	€ 4.00
Contribution expenditure in 24 months (€ 17.45 x 24 months):	€ 418.80

You get the maximum performance for eyeglasses and/or contact lenses in two calendar years:

€ 500 invoice amount will be refunded at 80%. →	€ 400
---	-------

Contribution expenditure in two calendar years minus the maximum benefit for glasses/contact lenses in two calendar years:

€ 418.80 contribution - € 400 performance →	€ 18.80
---	---------

€ 18.80 divided by 24 months = "net expense"	€ 0.78 per month
--	-------------------------

Lasik / refractive surgery

100% of the costs will be reimbursed for refractive surgery (e.g. laser treatment of the eyes) including preliminary and follow-up examinations. Up to **€ 1,500** will be reimbursed **during the contract period**.

Reimbursement limit: 1st year € 200, 1st - 2nd year € 500.

Hearing aids

80% reimbursement for hearing aids prescribed by a doctor, including earmolds and repairs. Up to **€ 800** can be reimbursed **in five calendar years**.
